

Thank you owinda Im T.g gunawardhana and im develelop the DELIVERY DETAILS MEET THE TEAM CAREER pages.

first of all

we go the MEET THE TEAM

i develop it Using high-quality images of the team members.and puting there details to it and attractive design for the page.

then we go to the delivery details page i designed it to be user friendly.user understand it easily and it save there time, and it

user can get a good understanding about the product and the delivery details

at last career page

i develop it using smaller paragraph headings and subheadings to organize the text

its help to easy understand and job seeker find the job easily find a job
